CEMEX Safer Roads Together Lyons/Nederland Omnium 2019 Presented by Panaracer and Black Swift

Friday afternoon – Ned TT uphill to Eldora / Saturday Peak to Peak Road Race

Sunday Lyons CEMEX Criterium

June 28th, 29th, 30th

USA Cycling Permit # 2019-1887 Chief Referee – Tom Foss

Three days of action-packed bike racing in a points-based omnium format, with the ability to pick and choose to race any or all days should you not want to be a part of the omnium. The 2019 Omnium edition brings to Colorado three exciting venues, courses, and a format attractive to all type racers. Friday's race will kick things off with a hill climb TT race against the clock as riders tackle the race of truth up to Eldora ski area. On Saturday riders have the challenging Peak to Peak road race starting in Lyons, and finishing at the Eldora TT finish from the prior day. Then it all comes down to the criterium on Sunday for a race that everyone can enjoy, a criterium course around Sandstone park in Lyons.

How does this omnium format work? All USAC Omnium Race Rules apply! If you want to be a part of the points-based omnium you just sign up using the registration link and sign up for the event or events you would like to do. You do not have to finish all three days to be scored in the final omnium overall race results.

I only want to race the time-trial, or road race, or circuit race, or two out of the three days, how does that work? Easy! For the time-trial race you must pre-register. For the road race and crit you can either pre-register just for those events or take advantage of race day registration. Your score for each race will be tallied and put into the omnium overall. You'll also be scored against your competitors for that day event with single event prizes.

I'm racing the omnium (all three days), but 10 guys who just signed up for the single day beat me. How will this affect my omnium race results? That depends on placing. It is quite possible that a person that finishes one or two races high in the classification, could acquire more points if you finished low in the classification each day you raced.
