

CCO (BRAC) Winter Series 1

Zwift virtual racing for Colorado Cycling is back for the Winter 2022 season!

We know that many of you enjoyed racing on Zwift against your fellow members of the Colorado Cycling community. However, as you may remember, due to limitations in Zwift, we had to create our “races” from the Zwift meetup format. Of course due to a BUG in Zwift, actual finish line results were meaningless, since your position at the start determined your recorded Zwift finish. As a result Zwift “races” last season were for FUN and results didn’t count.

This year, we are excited to announce an actual Zwift Winter Racing series. These will be Private Races, open ONLY to CCO members (through an email link, see below) and there will be no need for the BRAC “tags”, having to follow race coordinators and being invited and accepting your invitation to “race”. These races will be actual virtual racing, and you will race in your respective Zwift category (A thru D).

Each race series will be 4 races, once a week on Tuesday evenings. This will allow you to have your weekends available for team/group rides. We will use Zwiftpower to help tabulate results. Signing up for a race is very simple. Just click on the link for each race, and select your Zwift racing category. Since these will be “private” races, only those who have the email link can enter the race. You will not be racing against the rest of the Zwift world!

Below are the first 4 races in the CCO Virtual Winter Racing Series for January. If the turnout is good, we will expand these to a February and March Virtual racing series. We’ve got a varied series that includes the Makuri Islands World Spirit Forest route, plus the familiar racing on Watopia Hilly Route, Crit City (Dolphin) and finishing off with

CCO (BRAC) Winter Series 1

the Innsbruck After Party, which is 3 laps of the Innsbruck course followed by the 400 meter climb to the KOM. We hope you enjoy these Winter Virtual racing series. As always get back to Damon Brandt ([link](#)) or Glen Winkel ([link](#)) with suggestions, comments, constructive criticism and we'll do our best to incorporate your suggestions.

We hope you enjoy the CCO Zwift Winter Racing Series!
Use links below to sign up for each race:

Tuesday January 4th at 6:30pm

Watopia Hilly Route 9.2km per lap - laps A-6, B-5, C-4, D-3
